

DEPARTMENT OF HEALTH CARE FINANCE

NOTICE OF SECOND EMERGENCY AND PROPOSED RULEMAKING

The Director of the Department of Health Care Finance (DHCF), pursuant to the authority set forth in An Act to enable the District of Columbia to receive federal financial assistance under Title XIX of the Social Security Act for a medical assistance program, and for other purposes, approved December 27, 1967 (81 Stat. 744; D.C. Official Code § 1-307.02 (2014 Repl.)), and Section 6(6) of the Department of Health Care Finance Establishment Act of 2007, effective February 27, 2008 (D.C. Law 17-109; D.C. Official Code § 7-771.05(6) (2012 Repl.)), hereby gives notice of the adoption, on an emergency basis, of a new Chapter 97, entitled “Adult Day Health Program (ADHP)”, of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR).

These rules establish standards for adult day program services that govern eligibility criteria for beneficiaries, conditions of participation for providers, and provider reimbursement. The adult day health program is a new service under the Medicaid State Plan Home and Community-Based Services benefit. These services are designed to encourage older adults to live in the community by offering non-residential medical supports; provide supervised therapeutic activities in an integrated community setting that foster opportunities for community inclusion; and deter more costly facility-based care.

An initial Notice of Emergency and Proposed Rulemaking was published in the D.C. Register on April 24th, 2015 at 62 DCR 005212. Comments were received and taken into account in the publication of this Notice of Second Emergency and Proposed Rulemaking. These rules amend the previously published standards by: (1) establishing that a program director employed at an ADHP site shall have a bachelor’s degree in a human services field from an accredited college or university and at least four (4) years of experience working with older adults in a social services or health care program, instead of two (2) years; (2) clarifying that transportation for non-emergency medical services including therapeutic activities not included in the participant’s Adult Day Health Plan plan of care, but outlined under the participant’s person-centered service plan shall be provided under the DHCF non-emergency medical transportation contract; (3) establishing that each provider shall coordinate the participant’s care by sharing information with all other health care and service providers rendering services under the person-centered service plan, as necessary to ensure that the participant’s care is organized and to achieve safer and more effective health outcomes; (4) supplementing the list of participant rights by adding that the participant at the ADHP shall have the right to participate in activities and receive services in a fully integrated setting to the same extent as people not receiving Medicaid Home and Community- Based Services (HCBS); (5) clarifying that participants shall have the right to be notified about complaint and appeal procedures including contact information about agencies or programs that can respond to complaints such as the Ombudsman’s office, or the District’s Protection and Advocacy Program for Individuals with Disabilities; (6) requiring that the notification to DHCF of a provider’s intent to withdraw from the Medicaid program be supplemented with a transition plan to prevent service gaps at least sixty (60) days in advance of the initial notification; (7) establishing that the plan of care shall also include efforts to

coordinate services with other health care providers to prevent a gap of service delivery in the event of unscheduled absences from the ADHP program; (8) adding that for participants receiving a combination of ADHP and Personal Care Aide services, any service change requests must be submitted to DHCF on the first (1st) and fifteenth (15th) day of every month in order for the prior authorization to be issued and changes to be in effect on the first day of the following month except in the case of emergencies; and (9) clarifying existing language to simplify interpretation.

Emergency action is necessary for the immediate preservation of the health, safety, and welfare of beneficiaries who are in need of ADHP services. The ADHP will provide older beneficiaries with a safe and nurturing environment during the daytime with access to an array of therapeutic activities and non-residential medical services. These services will be essential in ensuring that older beneficiaries who live in the community are deterred from the need for costly facility-based care. DHCF previously provided adult day treatment services through a model that did not qualify for Medicaid reimbursement. These rules will allow DHCF to implement the § 1915(i) State Plan Option, which qualifies for Medicaid reimbursement. Therefore, to ensure that the ADHP participants' health, safety and welfare are not threatened by the lapse in access to therapeutic and non-residential medical services provided by qualified providers, it is necessary that these rules be published on an emergency basis.

DHCF is also amending the District of Columbia State Plan for Medical Assistance (State Plan) to reflect these changes. The corresponding amendment to the State Plan Amendment was deemed approved by the Council of the District of Columbia (Council) on August 14th, 2014 (PR 20-0944), and was approved by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS) on February 10th, 2015.

The emergency rulemaking was adopted on October 14, 2015, and became effective on that date. The emergency rules shall remain in effect for one hundred and twenty (120) days, until February 11, 2016, unless superseded by publication of a Notice of Final Rulemaking in the *D.C. Register*.

The Director of DHCF also gives notice of the intent to take final rulemaking action to adopt these rules in not less than thirty (30) days after the date of publication of this notice in the *D.C. Register*.
