This report provides data on enrollment in DHCF programs that include Medicaid, the DC Healthcare Alliance, and the Immigrant Children's Program (ICP). It is based on DHCF Medicaid Management Information System data as of September 29, 2025. Medicaid counts include CHIP-funded beneficiaries, who can be identified by their eligibility category. Information provided here may differ from other reports for a variety of reasons, including the populations analyzed, the definitions used to categorize beneficiaries, and the point in time at which data was extracted from DHCF systems. The most recent months are labeled as "preliminary" and users should be aware that enrollment will be undercounted until at least three full months have elapsed. For example, individuals losing coverage at their renewal date have a 90-day grace period for re-enrollment; as a result, beneficiary counts for the same months in future reports will be higher.

Recent notable issues with regard to enrollment include:
- Due to a Medicaid continuous coverage requirement that applied in the District from March 2020 through May 2023 due to the federal public health emergency (PHE), beneficiaries could only lose Medicaid coverage due to non-residency in the District, death, or a request to disenroll. Under District policies, continuous coverage extended similarly to Alliance and ICP beneficiaries through August 2022.
- Decreases in Medicaid enrollment that began in June 2023 are due to a restart of eligibility redeterminations following the end of the federal PHE, also referred to as the unwinding period.
- Decreases in Alliance and ICP enrollment beginning in September 2022 are due to a restart of eligibility redeterminations for those programs.
