

District of Columbia Medicaid Managed Care Organization (MCO)

National Committee of Quality Assurance (NCQA) Accreditation Status

To ensure MCOs utilize evidenced-based practices and run effective case management programs, DHCF requires all MCOs to achieve NCQA Health Plan and Case Management Accreditation. In addition to Case Management and Health Plan Accreditation, MCOs have the option of applying for and achieving other NCQA accreditation and/or Distinction Programs. The table below highlights NCQA Accreditation status, and type of Accreditation/Distinction achieved by each Medicaid MCO in the District of Columbia.

MCO Name	NCQA Accreditation	Accreditation/Distinction
AmeriHealth Caritas District of Columbia	Accredited	Case Management Health Plan Multicultural Health Care Electronic Clinical Data
CareFirst Community Health District of Columbia	Accredited	Case Management Health Plan Electronic Clinical Data
Health Services for Children with Special Needs	Accredited	Case Management
MedStar Family Choice	Interim-Accreditation	Health Plan
