This report provides data on enrollment in DHCFF programs that include Medicaid, the DC Healthcare Alliance, and the Immigrant Children's Program. It is based on DHCFF Medicaid Management Information System data as of November 28, 2022. Medicaid counts include CHIP-funded beneficiaries, who can be identified by their eligibility category. Information provided here may differ from other reports for a variety of reasons, including the populations analyzed, the definitions used to categorize beneficiaries, and the point in time at which data was extracted from DHCFF systems. The most recent months are labeled as "preliminary" and users should be aware that enrollment will be undercounted until at least three full months have elapsed.

Recent notable issues with regard to enrollment include:

- Due to a continuous coverage requirement for Medicaid as of March 18, 2020, which applies under the federal Families First Coronavirus Response Act as a condition of receiving a 6.2 percentage point increase in federal matching funds during the federal public health emergency, beneficiaries can only lose Medicaid coverage due to non-residency in the District, death, or a request to disenroll. Under District policies, continuous coverage extended similarly to Alliance and ICP beneficiaries through August 2022.
- Decreases in Alliance and ICP enrollment beginning in September 2022 are due to a restart of eligibility redeterminations for those programs. Individuals losing coverage have a 90-day grace period for re-enrollment; as a result, beneficiary counts for the same months in future reports will be higher.
