- Data Update
- Key Information on Outreach and Medicaid Renewal
- Next Steps
- Q&A

Medicaid Beneficiaries Will Have to Renew Their Coverage for the First Time in 3+ Years

- In March 2020, CMS temporarily waived the need to renew Medicaid coverage and states received a 6.2% financial boost to accommodate the increased enrollment.
- Medicaid enrollment has increased 20% since the start of the public health emergency – just over 300,000 District residents are now enrolled in Medicaid.
- At the end of 2022, Congress passed legislation ending the continuous eligibility requirement on March 31, 2023.
- The District restarted Medicaid eligibility **renewals beginning April 1, 2023**. (Alliance and Immigrant Children’s Program renewals started in July 2022). The first seven groups were **required to renew coverage before May 31, June 30, July 31, August 31, September 30, October 31, and November 30**

The District Must Go Through the Renewal Process for all Medicaid Beneficiaries Before Taking an Adverse Action

- Modified Adjusted Gross Income (MAGI) Medicaid Beneficiaries (most adults under 65, pregnant women and children under 21, parents/caretaker relatives)
 - A *passive renewal* happens at the end of the month prior to mailing of renewal packets. If passively renewed, beneficiaries receive a notice their coverage is renewed and require no further action.
 - The first renewal notice is sent at the end of the month 60 days prior to certification end date.
 - If renewal not received or there are outstanding verifications a second notice of pending termination is sent 30 days prior to certification end date.
- Non-MAGI Medicaid Beneficiaries (Age 65+, blind, or person with a disability, SSI recipients, waiver participants)
 - The first renewal notice is sent at the end of the month 90 days prior to certification end date.
 - If renewal not received or there are outstanding verifications a second notice of pending termination is sent 30 days prior to certification end date.
- District Direct renewal sample notices are available on the [DHCF Website](#).
- Medicaid renewal packages have distinctive markings on the envelope.

The District Has a 90-Day Renewal Reinstatement Period for Those Who Do Not Return by Their End Date

- There is a 90-day grace period for individuals who do not renew Medicaid ahead of their certification end date. The grace period allows additional time for individuals who fail to recertify timely in submitting their renewal.
- If the beneficiary is determined eligible for continued coverage, coverage will retroactively go back to the certification end date. If a provider provides care in this period, they will be reimbursed -if the individual recertifies within the grace period.
- Individuals can recertify their coverage in District Direct, mail, service center, fax, etc. by submitting their renewal form or completing a renewal online up to 90 days after their recertification end date.
- Individuals attempting to recertify their coverage after 90 days following their recertification end date will be required to **submit a new application**.
 - The grace period for the September cohort ends on **12/31**. From 1/1/24 and forward, this cohort will be required to submit a new application to reactivate their benefits.

Key Messaging: Beneficiaries with LTC and Waiver Coverage SHOULD Have Their Renewal Completed by a Case Worker

- We expect case workers assigned to beneficiaries in long term care (LTC) and waiver programs in DC Medicaid to complete those beneficiary's renewal applications
- Case workers use a version of District Direct specifically for their use called the Partner Portal
- Case workers do not need to act until a beneficiary's coverage is up for renewal
- If you do not know who your case worker is and you are in a LTC or waiver program, please contact the LTCA hotline at 202-442-9533; OR the agency where the case manager works
 - If you are enrolled in UHC, you should contact UHC Enrollee Services at 1-(866)-242-7726
 - If you are in PACE, contact the PACE Center at (571)-622-0555 or Toll Free 1-(877)-324-7223

Key Messaging: Qualified Medicare Beneficiaries (QMB) Must Renew Through DC Medicaid to Keep Their Coverage!

- While Qualified Medicare Beneficiaries (QMB) may receive most coverage through Medicare, QMBs are considered Medicaid beneficiaries and need to take part in Medicaid Renewal
- The QMB program helps District residents who are eligible for Medicare pay for their Medicare costs. This means that Medicaid will pay for monthly Medicare Part A and Part B premiums and cost sharing (e.g. doctor's office visit copays).
- Income and residency are the primary eligibility factors reviewed at renewal for QMBs (no resource test).
- **If you know any seniors who are QMBs and may need to renew, please contact them!**

UPDATE SINCE LAST MEETING: Bi-Weekly Meeting Scheduled for January 3, 2024 Will Be Cancelled

- DHCF will cancel the January 3, 2024 Community Meeting on Medicaid Renewal just after the New Year's holiday
- Next meeting will proceed as scheduled on January 17, 2024.

UPDATE SINCE LAST MEETING: DHCF Gives 30 Day Extension for Non-MAGI Beneficiaries with 12/31 Certification End Dates

- In response to current Non-MAGI renewal rates, DHCF will extend Non-MAGI certification end dates for those with 12/31 end dates **by 30 days**
 - During this time, DHCF will continue to work with LTSS providers, Case Managers, MCO partners, and care teams to ensure that required elements of renewal submissions are submitted and requested in a timely manner
 - This goes into effect on 1/1 for those whose certification end date is 12/31
- DHCF previously extended Non-MAGI certification end dates for those with 6/30, 7/31, 8/31, 9/30, 10/31, and 11/30 end dates
- DHCF extends the coverage of those who returned their renewal form on time but for whom DHCF could not complete an eligibility determination before the certification end date
 - Anyone who submitted their renewal timely is extended in MMIS
 - The extension will last until DHCF processes the application
- DHCF will continue to reviewing the effectiveness of these extensions to inform strategy going forward and is building out a plan to connect with these beneficiaries further

UPDATE SINCE LAST MEETING: DHCF is Addressing Ex-Parte Household Renewals Process

- DHCF is addressing recent communications where CMS clarified that *ex parte* (passive or automatic) renewals must be done individually and not at the household level
 - Example: A mother and child are each enrolled in Medicaid on the basis of MAGI, as a household of two. DC's MAGI Medicaid threshold is 216% of the federal poverty level (FPL) for parents/caretaker relatives and 319% of the FPL for children (not counting the 5% disregard). Ex parte eligibility must be processed separately for the mother and the child with respect to the separate eligibility levels.
- DHCF has taken action to ensure compliance:
 - **Reinstatements** are live in MMIS for potentially impacted children with **May through July** certification end dates
 - DHCF **paused** disenrollments for potentially impacted children with **August** certification end dates and beyond

UPDATE SINCE LAST MEETING: DHCF Has a Plan for a Full System

Fix for Ex Parte Renewals

Process

- DHCF is working on a comprehensive fix for ex parte renewals, which will initiate all renewals in a way that is fully compliant with federal ex parte requirements
- This comprehensive fix will allow the District to properly determine which beneficiaries need to renew their coverage within a household before it initiates the renewal process
 - The “polling” process, which happens before renewals are due, is where the District determines who will need a non-passive renewal
- Going forward, the District will conduct polling on an individual level:
 - Where there is sufficient information to passively renew the entire family, the District will continue to do so.
 - If all individuals in the household are polled above the relevant individual thresholds, the individuals in the household will continue to receive a non-passive notice.
 - If only part of the household can be renewed passively, then the remaining members should expect a non-passive renewal (further explained on next slide)

UPDATE SINCE LAST MEETING: DHCF Has a Plan for a Full System Fix for Ex Parte Renewals (continued)

Process (continued)

- When we do not have the information to passively renew the parent(s) but we do have the information to renew children, the system will generate a non-passive renewal for the household members:
 - If renewal received during certification period verifies entire household eligibility – Household continues in Medicaid
 - If renewal is received after the certification period or is not returned – Child continues in Medicaid regardless of financial information submitted during grace period
 - If renewal is received during certification period and verifies ineligibility of entire household – Household is terminated or transitioned to Transitional Medicaid Assistance

UPDATE SINCE LAST MEETING: DHCF Has a Timeline for a Full System Fix for Ex Parte Renewals

Timeline

- In late December, the District will repoll the affected children who were **reinstated** or **paused**
 - Affected children that poll above the relevant MAGI thresholds will receive a notice of pending adverse action late December/early January (scheduled to take effect February 1)
 - Impacted children that poll below the relevant MAGI thresholds will receive a notice of continued eligibility
- All ex parte polling initiated after December will incorporate the updated system fix.

UPDATE SINCE LAST MEETING: Accessing Language Services When Connecting to the Call Center

- When connecting to the Public Benefits Call Center at 202-727-5355, Beneficiaries should take the following steps to access language and translation services:
 - Beneficiaries should bypass the first set of prompts and wait for language options to be presented
 - Beneficiaries are then prompted to select one of the preferred language options, listed below, for assistance:
 - ✓ English; Amharic; Cantonese; Spanish; French; Korean; Mandarin; Vietnamese
 - Once the selection is made, the Beneficiaries will be transferred to a Call Center agent and connected with the language line for assistance.

DC Medicaid Renewal Data Is Publicly Available and Regularly Updated on the DHCF Website

- **Dashboard** at <https://dhcf.dc.gov/eligibilitydashboard> is updated by the middle of each month (version to be released this week reflects data as of 12/18/2023).
- An accompanying **report on redeterminations** is available by the end of each month at <https://dhcf.dc.gov/medicaid-renewal>. Reports summarize information from the dashboard, but also provide additional detail on: characteristics of beneficiaries whose coverage was renewed; those who have not responded; and pending renewal timing.
- Data on specific topics may also be provided in [meeting materials](#) that accompany **biweekly community meetings**.

More Than Three-Quarters of Medicaid Beneficiaries Due Are Re-Enrolled or Have a Renewal Pending

Renewal Outcomes to Date for Beneficiaries Due in May – November

- For May through November overall, more than three-quarters of beneficiaries due for a renewal are re-enrolled or pending.
- Lower July, August, and November rates are due in part to a large number of “PHE beneficiaries” who were kept enrolled during the public health emergency but had income or other changes that made them appear ineligible and therefore unlikely to renew passively (i.e., no response required). October includes PHE beneficiaries but also many Supplemental Security Income (SSI) beneficiaries who are automatically extended based their receipt of SSI. September includes very few PHE beneficiaries.
- For May through November, the “Potential Disenrolled” category includes more than 12,000 non-disabled (i.e., MAGI) children under age 21 whose coverage terminations are paused or under review for reinstatement while DHCF ensures compliance with federal “ex parte” rules for passive renewals. For November, it also includes approximately 3,000 people with disabilities and those age 65+ (i.e., non-MAGI) who received one-month extensions through December to allow additional response time (earlier non-MAGI extensions have expired). For more information, see DHCF’s Medicaid renewal meeting materials [here](#).
- Renewal figures for all months will increase as responses are received during the 90-day grace period. The grace period ended in August for beneficiaries due in May, in September for those due in June, and so on. Beyond the grace period, individuals must submit a full application to reactivate their coverage.

Medicaid Beneficiaries Due in December or Later Who Have Not Yet Responded Will Remain Enrolled Until They Reach Their Recertification Date

Renewal Outcomes to Date for Beneficiaries Due in December – February

- Near or above 80% of beneficiaries due in December and January are renewed or pending. This is largely driven by a high passive renewal rate among non-disabled children and adults under age 65 (i.e., MAGI) for these months.
- February is incomplete because only beneficiaries with disabilities and those age 65+ (i.e., non-MAGI) have received renewal notices to date. Non-disabled children and adults under age 65 due in February will receive renewal notices by January 1.
- As noted earlier, DHCF is pausing terminations for non-disabled (i.e., MAGI) children under age 21 to ensure compliance with federal “ex parte” rules governing passive renewals, including 1,400 due in December. They will remain in the “Potential Disenrolled” category past their recertification date during the pause. For December, this category also includes approximately 1,000 people with disabilities and those age 65+ (i.e., non-MAGI) who will receive one-month extensions through January if they have not responded by their due date. For more information, see DHCF’s Medicaid renewal meeting materials [here](#).
- Renewal figures for all months will increase as responses are received during the 90-day grace period.

Consumer Alert: Beware of Medicaid Renewal Scams!

Beware of Medicaid Renewal Scams

The DC Department of Insurance, Securities and Banking (DISB) is warning District consumers to be on guard against fake Medicaid renewal scams. During the COVID-19 pandemic, the review of Medicaid eligibility for enrolled clients was paused. Jurisdictions, including the District of Columbia, are now returning to pre-pandemic renewal plans. As a result, scam artists may increase efforts to defraud unsuspecting consumers!

How is the Scam Perpetrated?

Scammers impersonate Medicaid representatives, and claim coverage is being canceled or benefits have been lost. Personal information such as social security number, Medicaid ID, and bank account information is requested immediately to renew enrollment, resulting in identity theft. Scammers may also threaten you with civil or criminal penalties and demand that you pay a fee to continue receiving benefits.

The District Has Multiple Ongoing Methods of External Outreach And Wants to Join Your Meetings Too!

- The District wants to join meetings of key stakeholders to explain Medicaid Renewal
 - DHCF staff would attend meetings hosted by your stakeholder group -or that you know about –*send invites to us via email at Medicaid.restart@dc.gov.*
- The District created a website with information on Medicaid Renewal and the End of the Public Health Emergency that hosts the Unwinding Plan, Stakeholder Toolkit, meeting recordings and slides, etc.
- The District is hosting regular Community Stakeholder meetings such as this every other week - continuing every-other-Wednesday at 2:30 p.m. and **next is on Wednesday, January 17, 2024**
 - *Please email Medicaid.renewal@dc.gov to join the meetings and related mailing list if not on it already*
- The District is holding monthly Beneficiary-Focused Meetings on ‘How Do I Renew My DC Medicaid Health Insurance’ – the sixth is **in January**.
- The District is continuing monthly Districtwide Trainings on Medicaid Renewal designed for stakeholders and anyone helping others with renewals – the eighth is **at 12:30 PM on Wednesday, January 24**.

Appendix F: Key Tips to Connect District Direct Accounts to Beneficiaries

- Some individuals recertifying will need to connect their account to their established case profile in District Direct.
 - **Note:** This is a result of the District switching from the legacy eligibility processing system (ACEDS) during the PHE
- Primary Applicants can connect their account using their Social Security Number, Medicaid ID Number, or Person Reference Number
- A SSN is **NOT** needed to connect a newly created District Direct account to a primary applicant's case profile
 - **Note:** Primary applicants in a household can use their Personal Reference Number instead of an SSN
- *Please note that the name used to connect must match what is currently in the system. Names listed on notices reflect what is in the system. For example, if the name in the system is John Doe-Smith, that must be used to connect instead of John Doe.*

Appendix G: What Can Stakeholders Say to Beneficiaries?

What Beneficiaries Can Do Right Now

- Don't Wait to Update!: Update your contact information by logging into District Direct. If DHCF does not have the proper contact information, you will not receive notice of the need to renew your coverage through the mail or other means!
