

## DEPARTMENT OF HEALTH

## NOTICE OF FINAL RULEMAKING

The Acting Director of the Department of Health, pursuant to the authority set forth in an Act to enable the District of Columbia to receive federal financial assistance under Title XIX of the Social Security Act for a medical assistance program, and for other purposes, approved December 27, 1967 (81 Stat. 744; D.C. Official Code § 1-307.02), Reorganization Plan No. 4 of 1996, and Mayor's Order 97-42, dated February 18, 1997, hereby gives notice of the adoption of an amendment to section 920 of Chapter 9 of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR), entitled "Prevocational Services." These rules establish standards governing reimbursement by the District of Columbia Medicaid Program for Prevocational Services, a habilitative service provided to participants with mental retardation and developmental disabilities in the Home and Community-based Services Waiver for Persons with Mental Retardation and Developmental Disabilities (Waiver), which was approved the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services, with an effective date of November 20, 2007.

A notice of emergency and proposed rulemaking was published on December 21, 2007 (54 DCR 12347). Comments were received and considered. The December 21<sup>st</sup> rulemaking changed the rules previously published at 54 DCR 2343 (March 16, 2007) to increase the daily limit to eight (8) hours, to establish a minimum staffing ratio, and to require the development of a service plan with measurable outcomes that will more clearly define the service being provided. This rulemaking further changes the December 21<sup>st</sup> rulemaking to define the component of the required vocational assessment, to remove the requirement that the vocational assessment must find that the person is not expected to join the general work force or participate in a sheltered workshop for one year, to delete the definition of situational or functional assessment, to replace the requirement for an annual functional assessment with a requirement to assess progress annually based on vocational preferences and goals as specified in the person's individual support plan, and to expand the requirement that a person on the executive staff have specific academic credentials so that the requirement encompasses all staff.

A notice of emergency and proposed rulemaking was published in the *DC Register* on April 18, 2008 (53 DCR 004392). No comments on the proposed rules were received. No substantive changes have been made. These rules shall become effective on the date of publication of this notice in the *DC Register*.

Section 920 (Prevocational Services) of Chapter 9 of Title 29 DCMR is deleted in its entirety and amended to read as follows:
