

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Department of Health Care Finance

Office of the Senior Deputy Director/Medicaid Director

Transmittal # 22-06

TO: All DC Medicaid Providers

FROM: Melisa Byrd
Senior Deputy Director and State Medicaid Director, DHCF

DATE: February 17, 2022

SUBJECT: Professional Services Billing Codes and Reimbursement Rates for COVID-19 Vaccines – Addition of New Vaccines and 2022 Rates

Purpose

The Department of Health Care Finance (DHCF) is committed to taking critical steps to ensure District residents have access to vaccinations for COVID-19 in the professional setting. This transmittal provides notice of coverage and reimbursement for fee-for-service providers that bill HCPCS and CPT codes on CMS-1500 claim forms for COVID-19 vaccine administration in the professional fee schedule, and for providers enrolled in Medicaid Managed Care Organization (MCO) networks.

This transmittal amends guidance provided in [Transmittal # 21-47: Professional Services Billing Codes and Reimbursement Rates for COVID-19 Vaccine](#) issued December 1, 2021. This update reflects codes and rates for new vaccines or dosages by Pfizer and to reflect the change in vaccine administration rates as sourced by Medicare as of January 1, 2022.

Billing Codes & Reimbursement

The billing and reimbursement rates for COVID-19 Vaccines are based on the published guidance by CMS. If newer rates are published by CMS or a Medicare Administrator Contractor (MAC), the rates may be updated with retroactive payment adjustments as necessary. CMS only priced the administration of these services as the product is being provided for free initially.

In accordance with regulations at 42 CFR § 447.15, providers may not balance bill Medicaid beneficiaries amounts additional to the amount paid by the agency plus any deductible, coinsurance or copayment required by the state plan to be paid by the beneficiary.

The table below provides the relevant and most current billing and reimbursement guidance for all COVID-19 vaccines covered by DHCF to date for professional providers. New information is highlighted in bold.

Products

Since CMS anticipates that providers will not incur a cost for the products for vaccines initially, CMS will update the payment allowance for the products at a later date. Providers should not bill for the product if they received it for free, thus the following product codes

are not covered at this time in the professional fee schedule.

HCPCS/CPT	Description	Labeler
91300	SARSCOV2 VAC 30MCG/0.3ML IM	Pfizer
91301	SARSCOV2 VAC 100MCG/0.5ML IM	Moderna
