Alliance and ICP Renewal Restart: Status Update

▶ **Total Number of 60-day Alliance Renewal Notices Mailed:**

- 3,151 were mailed on 7/1; For this group, renewals not received for processing had a closure date of 8/31
- 3,771 were mailed on 8/1; For this group, renewals not received for processing had a closure date of 9/30
- 5,882 were mailed on 9/1; For this group, renewals not received for processing have a closure date of 10/31
- 3,972 were mailed on 10/1; For this group, renewals not received for processing have a closure date of 11/30
- 5,254 were mailed on 11/1; For this group, renewals not received for processing have a closure date of 12/31

▶ **Based on historical experience, DHCF expects many non-responsive individuals will submit their renewals shortly after their recert end date or when they go to access services**

- DHCF has established a 90-day grace period to ensure that individuals to recertify post recert end date and if determined eligible will not have coverage gaps
- Note: Coverage will be processed as continuous if renewal is submitted by the certification end date (as long as individuals continue to meet program eligibility requirements)
- Note: Individuals submitting at or near the recert end date are encouraged to submit online via District Direct

▶ **Renewal submissions across cohorts with August and September closure dates have slowed in recent weeks, after larger weekly gains earlier in the grace period**

▶ **100 renewals for cohort with October closure date received over past week; Small number of renewals received for cohorts with November and December closure dates over the same period**

Reinstating Coverage in Alliance and ICP Following Termination

- ▶ There is a 90-day grace period for individuals who do not recertify for Alliance and ICP ahead of their recertification end date
- ▶ The grace period allows additional time for individuals who fail to recertify timely to submit their renewal
- ▶ If the beneficiary is determined eligible for continued coverage, coverage will retroactively go back to the beginning of the certification period.
 - If a provider provides care in this period they will be reimbursed, as long as individuals recertify within the grace period
- ▶ Individuals can recertify their coverage in District Direct; mail; service center; fax, etc. by submitting their renewal form or completing a renewal online up to 90 days after their recertification end date
- ▶ **Individuals attempting to recertify their coverage after 90 days following their recertification end date will be required to submit a new application**
 - **The grace period for the August cohort is ending on 11/30; From 12/1 and forward this cohort will be required to submit a new application to reactivate their benefits.**

Certification Periods Increasing to 12 Months & Face-to-Face Interview No Longer Required

- Alliance and ICP now follow MAGI methodology; Alliance program no longer has a resource test
- August 2022 and September 2022 renewals recertification periods will be for 6 months.
 - Individuals recertifying in August and September will need to recertify in April/March 2023
- Effective for all renewals after October 1, 2022, Alliance certification periods will increase from 6 months to 12 months.
- A face-to-face interview is **NO LONGER REQUIRED** for Alliance at recertification or initial application.
- Reminder: ICP certification periods will continue to be 12 months.
- Alliance and ICP beneficiaries can now complete applications, recertifications, and changes through the District DIRECT website and mobile app.

Alliance and ICP Renewal Process

- ❑ Renewal forms are now sent 60 days before the end of the beneficiary's certification period, instead of 90 days. For example, households due to renew September 30, 2022, were sent a renewal form on August 1, 2022.
- ❑ Converted cases are cases that have been transferred from ACEDS to District Direct. In order to be fully converted, the beneficiary or household needs to complete a conversion renewal form.
- ❑ Most Alliance and ICP households will use the Conversion Renewal Form to renew benefits:

DISTRICT OF COLUMBIA

Department of Human Services (DHS)
Economic Security Administration (ESA)

Connecting Your District Direct Account Using Personal Reference Number

- A Social Security Number (SSN) is NOT needed to connect a newly created District Direct account to a primary applicant's case profile in our system
- Primary applicants in a household can use their Personal Reference Number instead of an SSN
- The Personal Reference Number for the primary applicant in a household:
 - Can be found inside of your recertification packet (referenced as the "Account ID");
 - Provided by phone from the Call Center at (202)-727-5355; or
 - Provided by emailing DHCFAllianceRecert@dc.gov
- When contacting the District to get your personal reference number by phone or email primarily the applicant will have to provide their full name and DOB
- Please note that the name used to connect must match what is currently in the system. Names listed on notices reflect what is in the system. For example, if the name in the system is John Doe-Smith, that must be used to connect instead of John Doe.
